

RAKIB HASSAN

Full Stack Developer

Khulna, Bangladesh | +8801832232118 | justrakibhassan@gmail.com | linkedin.com/in/justrakibhassan | github.com/justrakibhassan | rakibhassan.vercel.app

PROFESSIONAL SUMMARY

Full Stack Developer building production-grade apps — from AI-powered SaaS to e-commerce platforms — with real-time systems, AI integration, and Redis caching. Full ownership from database to deployment.

TECHNICAL SKILLS

Frontend: Next.js, TypeScript, Tailwind CSS, Shadcn UI, Framer Motion

Backend: Node.js, Express.js, Server Actions, Prisma ORM, Better Auth, Clerk Auth

Database: MongoDB, MySQL, PostgreSQL, Upstash Redis

Tools & Platforms: Stripe, Stream SDK, Socket.io, Vercel, Git & GitHub

PROJECTS

› Input Gears – Tech Gadget Store | [Live ↗](#) · [Code ↗](#)

- Stack: Next.js, Better Auth, Prisma, PostgreSQL, Stripe, Redis, Zustand
- Built a multi-role e-commerce platform (4 permission levels) with Zustand state management and Redis-backed caching for sub-100ms response times.
- Secured transactions with Stripe + COD payments, enforcing data integrity via Zod validation and ACID-compliant Prisma transactions.

› Sneho (Care Connect) – Child Care Marketplace | [Live ↗](#) · [Code ↗](#)

- Stack: Next.js, Express.js 5, MySQL (Prisma), Stream SDK, Socket.io, Stripe
- Architected a decoupled system with Express.js backend — Stream SDK powering video calls, Socket.io handling real-time chat/notifications.
- Implemented geospatial queries for location-based search via Leaflet Maps and secured booking payments with Stripe.

› MockMate AI – Intelligent Interview SaaS | [Live ↗](#) · [Code ↗](#)

- Stack: Next.js, Gemini AI, Clerk Auth, MongoDB, Server Actions
- Engineered a Voice-to-Text interview engine delivering AI feedback in under 2 seconds using Server Actions and Google Gemini.
- Utilized Server Actions for zero-latency database mutations and implemented Clerk for secure user tracking.

CERTIFICATIONS & TRAINING

- Front-end and back-end web development** — Programming Hero
- Code structure and architecture** — freeCodeCamp

LANGUAGES

- Bangla** — Native
- English** — Professional Proficiency
